Collaborative Horizons on Fostering Health and Wellness in School-Age Children

Reporting

Project Information

Project no (Grant agreement ID)	202341
Start date	28.11.2023
End date	8.09.2025
Overall budget	€16 500,00
EUSCP contribution	€16 500,00
Program supervisor(s)	Stephen Gabriel and Nathalie Huilleret
Chief researcher(s)	Eda Kilinc Isleyen
Scientific committee members	Elena Murphy, Victor Santiago, Isabella Chen, Liam Harper, Aria Patel
Last update	8.09.2025

8 September, 2025

To Whom It May Concern,

This document certifies that the project titled "Collaborative Horizons on Fostering Health and Wellness in School-Age Children", under program number 202341, is an officially registered Research and Development (R&D) initiative funded by the European Scientific Collaboration Project (EUSCP).

The aforementioned project is categorized as a Research and Development initiative, focusing on promoting health and wellness among school-age children through interdisciplinary collaboration. Its scope encompasses both theoretical and applied research on health education, well-being enhancement, and preventive practices, aiming to contribute to scientific knowledge and to support sustainable strategies for improving child and adolescent health outcomes.

Sincerely,
European Scientific Collaboration Project (EUSCP) Committee
